Intelisys Announces Participation in the Agent Equity Plan

January 14, 2009, Petaluma, CA – Intelisys has announced their participation in the groundbreaking Agent Equity Plan. A long term and top-performing partner of TNCI, who is a founder of the Plan, Intelisys will offer their Sales Partners the benefits of the Plan which include higher immediate bonus and commission payouts along with an unprecedented opportunity for future return.

“Our relationship with TNCI was a key part of our decision to join the Agent Equity Plan,” said Jay Bradley, Intelisys Telecom Agency President. “We are convinced of the potential the Plan brings to all participants and most importantly we believe in the ability of TNCI and their parent Trans National Group to execute a transaction. It’s a natural fit for us to take a lead role in what we believe will prove to be a dominating force and opportunity for the entire Channel,” Bradley continued.

TNCI President Brian Twomey said, “We are extremely excited about the commitment Intelisys has made to the Agent Equity Plan and believe their participation, along with that of their over 400 Sales Partners, will dramatically increase its collective horsepower. As a trusted partner of TNCI for more than 10 years we have come to respect and appreciate the leading role they play in the Channel,” added Twomey.

Under the terms of The Equity Plan, Agents will earn exceptional residual commissions and New Business Bonus on TNCI products and services from day one. The real velocity for Agents is delivered through the realistic opportunity to earn an equity share equal to as much as 7.5X to 9X of their monthly billing base at the time of a transaction. This equates to four to five years of commission. Moreover, Agents will continue to receive their monthly residual commissions.

About Intelisys

Intelisys is the only telecom Master Agency focused exclusively on supporting the Channel's top-producing sales agents. We specialize in providing a broad suite of telecom value-based solutions to ensure the top-producing agent's success. Our services include a complete selection of carrier voice and data services, wireless and wired access, auxiliary services such as voice and web conferencing, mobility solutions, and Intelisys' proprietary telecom asset management tool, Audex.

Since our inception in 1994, our growth is a result of the unique formula of recruiting top-producing agents, capitalizing on industry trends, and most importantly, providing exceptional operational and back-office support. This formula has positioned Intelisys as the recognized thought leader in the telecommunications independent sales channel.
